

VIDEO ‘WHO ARE STATELESS PEOPLE?’

Watch the video here: [link](#)

These questions can be used to set up a debate in class. You can choose a “for” group and an “against” group.

The questions can also be used for students to discuss and research findings in groups and write essays on their opinions and research.

Debate question 1:

Stateless people do not have the nationality of any country.

How can you tell if someone is stateless? What do you think defines citizenship?

Debate question 2:

Stateless people often have less opportunity in life than people who do have a nationality.

What should countries do to improve the situation of stateless people?

Debate question 3:

Statelessness is complex and can have several causes.

Can you imagine situations could cause statelessness in your country?

These questions can be used to set up a debate in class. You can choose a “for” group and an “against” group.

The questions can also be used for students to discuss and research findings in groups and write essays on their opinions and research.

Debate question 1:

In different countries and cultures men and women have different roles. For this reason, no one else except the government of that country has the right to say whether women can transfer nationality to their children or not.

Do you agree with this statement? Why do you or why do you not?

Debate question 2:

Governments should be allowed to deny certain groups a nationality as they are responsible for creating a national identity and protecting it.

Do you agree with this statement? Why do you or why do you not?

These questions can be used to set up a debate in class. You can choose a “for” group and an “against” group.

The questions can also be used for students to discuss and research findings in groups and write essays on their opinions and research.

Debate question 1:

Being stateless is not an excuse for undertaking certain illegal activities like selling drugs or stealing things.

Do you agree with this statement? Why do you or why do you not?

Debate question 2:

Stateless people should try not to have children because they will pass down their statelessness to them.

Do you agree with this statement? Why do you or why do you not?

‘THE RIGHTS OF STATELESS PEOPLE’

Watch the video here: [link](#)

These questions can be used to set up a debate in class. You can choose a “for” group and an “against” group.

The questions can also be used for students to discuss and research findings in groups and write essays on their opinions and research.

Debate question 1:

The country that stateless children are in should allow them to attend school because all children have the right to education.

Do you agree with this statement? Why do you or why do you not?

Debate question 2:

Stateless people are more vulnerable than refugees because even in their own country they cannot access services like health and education. We should concentrate more energy on helping stateless people than refugees.

Do you agree with this statement? Why do you or why do you not?

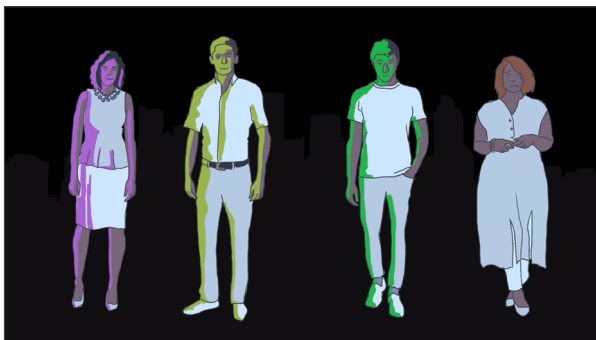

Debate question 3:

Each country should give the nationality of that country to every child born on their land.

Do you agree with this statement? Why do you or why do you not?
