This brought the total budget for 2022 to \$10,704.0 million at 31 July 2022, the cut-off date for this report, and a total of \$4,393.4 million in voluntary contributions was recorded for the budget year 2022.

A draft decision on budgets and funding for 2022 is provided in annex VII.

## II. Update on budgets and funding for 2022

### *Original and current budget*

2. The original annual budget for 2022 was approved by the Executive Committee at its seventy-second plenary session in October 2021 in the amount of \$8,993.7 million.<sup>2</sup>

3. In 2022, three supplementary budgets, which were approved by the High Commissioner, amounted to \$1,710.3 million at 31 July 2022, the cut-off date for the data used in this report. This brought the total for the 2022 current budget to \$10,704.0 million.<sup>3</sup>

### *Supplementary budgets*

4. In June 2022, at the eighty-fourth meeting of the Standing Committee, a total budget of \$10,534.0 million was reported at 30 April 2022. This included three supplementary budgets established in the amount of \$1,540.3, in support of the Afghanistan, Cameroon and Ukraine situations. Subsequently, the supplementary budget for the Ukraine situation was revised with an additional amount of \$170.0 million, resulting in a current total budget for 2022 of \$10,704.0 at 31 July 2022. A breakdown of 2022 supplementary budgets by situation, region and impact area is presented in annex III.

5. In Afghanistan, UNHCR and partners continue to provide life-saving assistance, such as food and agriculture support, cash-based assistance, emergency shelter, water and sanitation, protection, support for education and community programming. In the Cameroon situation, UNHCR continues to deliver humanitarian assistance, including water and sanitation, shelter, core relief items, protection, as well as life-saving response to survivors of gender-based violence, and support for registration and education. The additional supplementary budget for the Ukraine situation reflects requirements for the UNHCR response in the areas of protection, multipurpose cash assistance and shelter, as well as for winterization.

<sup>1</sup> Figures are presented in millions of United States dollars. The totals in this document may not add up due to rounding.

<sup>2</sup> See the "Annual programme budget 2022 of the Office of the United Nations High Commissioner for Refugees" (A/AC.96/1213/Rev.1).

<sup>3</sup> The 2022 current budget that is presented in this document differs from that reported in the proposed annual programme budget for 2023, which had an earlier cut-off date when compared to the cut-off date used in this document (i.e. 31 July 2022).

*Transfers and other adjustments*

6. In addition to the 2022 supplementary budgets, the current annual budget for 2022 incorporates transfers from the operational reserve, as well as other internal adjustments made by the High Commissioner, in accordance with article 7.4 of the UNHCR financial rules. As shown in annex II, there has been one transfer from the operational reserve.

7. Table II.2 compares requirements for 2022 by region, global programmes and headquarters from end of April to end of July 2022. As shown below, the variance relates to: (a) the additional supplementary budget for the Ukraine situation; and (b) a budget redeployment of \$5.3 million from headquarters to global programmes, reflecting adjustments within divisions based on updated operational requirements.

8. Table II.3 presents the 2022 requirements by impact area. The additional \$170.0 million supplementary budget for the Ukraine situation has been mostly budgeted under impact area 2 (respond), focusing on providing cash assistance, protection services, core relief items, shelter, and expanded reception and collective centre refurbishment for displaced persons. The \$23.6 million, or 1 per cent, decrease under impact area 1 (protect) reflects reprioritization due to evolving operational requirements, mainly in the Americas, Asia, the East and Horn of Africa and Great Lakes, and southern Africa.

## Annex VII

### Draft decision on budgets and funding for 2022

*The Standing Committee,*

*Recalling* the Executive Committee's decision, at its seventy-second session on administrative, financial and programme matters (A/AC.96/1220, para. 13 (d)), as well as discussions by the Standing Committee on the programme budgets and funding item at its eighty-fourth meeting in June 2022,

*Reaffirming* the importance of responsibility-sharing in solidarity with countries hosting refugees,

*Takes note* of the increase in UNHCR's annual budget for 2022 at 31 July 2022 to a current total of \$10,704.0 million, representing the sum of the original budget of \$8,993.7 million and supplementary budgets of \$1,710.3 million,

*Recognizes* that emergencies and unforeseen activities unfolding in 2022 may result in the need for additional or expanded supplementary budgets and that additional resources, over and above those for existing budgets, would be needed to meet such needs, and

*Urges* member States to continue to respond generously, in the spirit of solidarity and in a timely manner, to the High Commissioner's appeal for resources to meet in full the annual budget for 2022.
