Cantilever Tents/shades for the Main building

UNHCR would like to replace the shading in its main building, located in October city.

Please see the following specs for reference:

1. Protection from harsh weather including sun/heat and rain but allow for proper ventilation in summer.
2. Design: Cantilever hanged on concrete pillars
3. Measure: 27 Meters x 5.5 meters – Attached for reference 3D photos for the suggested design) + External is 2.5 x 4.5 meters
4. Technical aspects for the metal parts are attached
5. Used materials shall be high quality & extremely good abrasion resistance
6. High breaking & cuts strength
7. Extremely high UV resistance
8. Very high color fastness paints

Supplier are encouraged to come for a site visit for realistic & final offers.
