

The Global Refugee Forum 2019

Template for Pledges and Contributions

States and other stakeholders may use this online template to indicate the pledges and contributions (hereafter "contributions") that they plan to submit for the first Global Refugee Forum in Geneva, Switzerland on 17 and 18 December 2019.

States and other stakeholders are encouraged to complete the template **as early as possible**, so as to facilitate UNHCR's collation of the contributions in time for the Global Refugee Forum. However, as necessary, templates may still be sent to UNHCR at any time in advance of or during the Forum. Contributions will be compiled for showcasing at the Global Refugee Forum and inclusion in the outcome document for the Forum.

Once completed, this template can be e-mailed (preferably in Word format) to hqgrf@unhcr.org

Contribution information

If you would like to announce additional contributions, please copy and paste the entirety of the page 2 for each further contribution. Further information can be found in the Guidance Note: Pledges and Contributions and Good Practices ([here](#)).

Member States and other stakeholders who have further questions can contact UNHCR in their country/region or email the Global Refugee Forum Coordination Team at Headquarters in Geneva at hqgrf@unhcr.org

Partners in a joint contribution should select **ONE** actor to submit the joint contribution on their behalf. The template allows for **each actor to be individually named** as part of the submission. Partners in a joint contribution **should not** fill in separate templates with the same contribution. Matching contributions, that is, where different stakeholders make separate contributions towards a pre-agreed common area of focus **should be entered as individual contributions** by each stakeholder.

Please provide a brief description of this contribution (200 words).

Please provide a succinct description of the contribution (no more than 200 words). Where relevant, please note the specific refugee populations and host countries and communities that the contribution is intended to benefit. Where possible, please also quantify the contribution (for example, approximate value of financial assistance, number of refugees to be included in national systems, or number of resettlement places to be provided).

The Global Fund has made significant progress in addressing HIV/AIDS, TB and Malaria in fragile environments and forcibly displaced populations. Since 2014, USD 41M in Emergency Funds have been disbursed to quickly respond to natural and conflict related emergencies, including refugee influxes. Multi-country grants have been able to support refugees, for instance in Eastern Africa, Afghanistan, Iran and Pakistan, and the Middle East Response has been providing essential services to Syria, Yemen, Iraq, Palestine and Syrian refugees in Jordan and Lebanon.

In 2016, we introduced the Challenging Operating Environment (COE) policy to better adapt Global Fund programs and processes to fast changing environments and to those prone to chronic political instability or ongoing conflicts. With the approval of the policy, Refugee needs have been increasingly mainstreamed across Global Fund country programs and secretariat processes.

Moving forward, the Global Fund will fully align with the principles of the recently adopted Global Action Plan 2019–2023 (GAP) (72nd WHA) on Refugee and Migrant Health. This includes ensuring appropriate access to comprehensive HIV, tuberculosis and malaria prevention and treatment services; supporting the continuity of services across borders; integrating services for refugees into national systems; and ensuring that national strategic plans and proposals cover refugees needs.
