

Global Appeal 2016-2017

UNHCR's *Global Appeal* provides information for governments, private donors, partners and other readers interested in the organization's priorities and budgeted activities for 2016. Information is now presented in two ways: through this print publication and on the *Global Focus* website.

The *Global Appeal* 2016-2017 print publication presents the financial resources that will be required in 2016 (and indicative amounts for 2017) for UNHCR's programmes to protect and improve

the lives of tens of millions of forcibly displaced people: refugees, internally displaced people, returnees, stateless people and others of concern. It highlights the challenges faced by the organization and its partners in attempting to respond to multiple life-threatening crises and ever-growing humanitarian needs.

All budgets and planning figures in this Appeal correspond to the needs presented in the 2016-2017 biennial programme budget approved by the member States of UNHCR's Executive Committee in October

2015. Any new needs arising in the second half of 2015 and in 2016 will be presented separately in supplementary appeals.

The *Global Focus* website (<http://reporting.unhcr.org>) was launched in early 2015 as UNHCR's main operational reporting platform for donors. The website now offers regularly updated information about programmes, operations, financial requirements, funding levels and donor contributions. ■
