

2021 UNHCR BEST INTERESTS PROCEDURE  
GUIDELINES: **ASSESSING AND DETERMINING  
THE BEST INTERESTS OF THE CHILD**

**TRAINING PACK**

This BIP Training Pack is designed to strengthen the skills of BIP caseworkers and their supervisors to provide individual children at risk with targeted, timely, systematic and coordinated support in their best interests. It was developed by Karin Tengnäs, Child Protection Training Development Consultant, in collaboration with the Global Learning and Development Centre and the Child Protection Unit of the United Nations High Commissioner for Refugees (UNHCR).

Amanda Melville, Clifford Speck and Sitnour Babiker of the Child Protection Unit (Division of International Protection) are acknowledged for their technical leadership, expertise and guidance. From the Global Learning and Development Centre, Alexandra Kaun is acknowledged for her expertise in designing capacity-building materials and operational coordination. The dedication of this group of colleagues has facilitated the development of this training pack. Valuable input was also provided by Beanta Alberink, Instructional Designer and Facilitator of Design2Learn, also involved in the design and implementation of the Child Protection Training of Trainers Plus Programme (2020–2021).

The previous training pack for the BIP developed by UNHCR and the International Rescue Committee (IRC) in 2019, which served as an important foundation for this newly updated training pack, is also acknowledged.

The 2021 BIP Guidelines and this BIP Training Pack were developed with the generous support from the US Bureau of Population, Refugees and Migration (BPRM).
