In 2024, a supplementary budget totalling \$163.7 million was established in support of the Sudan situation. This brings the total final budget for 2024 to \$10,785.4 million as of 31 December 2024.

The original budget for 2025 as approved by the Executive Committee at its seventy-fifth plenary session in October 2024 amounted to \$10,247.5 million. As of 31 January 2025, the cut-off date for this report, the current annual budget for 2025 stood at \$10,593.5 million, reflecting a supplementary budget of \$346 million established in support of the Middle East situation.

Pending the annual closure of the accounts for 2024, the provisional total funds available for 2024 amount to \$5,225.1 million, while provisional expenditure stands at \$4,988.5 million. When comparing the final annual budget for 2024 to the provisional total funds available, the result is a funding gap of \$5,560.3 million, or 51.6 per cent.

II. Budgets and funding for 2024

Total budget

3. In October 2023, at its seventy-fourth session, the Executive Committee approved an original annual budget of \$10,621.7 million for 2024.² The final budget for 2024 of \$10,785.4 million represents the sum of the approved original budget of \$10,621.7 million and supplementary budgets totalling \$163.7 million established by the High Commissioner during the course of 2024, in accordance with rule 208.1³ of the financial rules for the voluntary funds administered by the High Commissioner for Refugees. Details of the final 2024 budget are provided in annex I.

Supplementary budgets

4. At the ninety-first meeting of the Standing Committee in September 2024, the increase of \$20 million in support of the Sudan situation, which brought the total supplementary budget from \$143.7 million to \$163.7 million, was approved. No additional supplementary budgets have been established since then. An overview of supplementary budgets by situation is provided in table II.1 below. A more detailed breakdown by situation, region and impact area is shown in annex III(a).

Preliminary programme assessment

5. In 2024, UNHCR provided protection and assistance to an estimated 119.9 million people around the world.⁴ With new crises emerging, ongoing conflicts and escalating humanitarian emergencies, UNHCR acted swiftly to mount lifesaving interventions, in close coordination with governments, donors and partners. The Office prioritized protection responses, including access to documentation, child protection and community engagement. It also ensured the provision of basic needs, health services and water, sanitation and hygiene measures. Solutions also remained a priority, with a focus on returns and resettlement.

6. During the year, UNHCR responded to 43 emergencies across 25 countries, including 26 new emergencies in 20 countries that were declared in 2024. Major emergencies resulted from the continued escalating conflict in the Sudan, instability in the Middle East including in Lebanon and the Syrian Arab Republic, and the ongoing humanitarian emergency in Ukraine. Natural disasters also impacted displacement, with nine emergency declarations in Afghanistan and Brazil, as well as in the East Africa and Great Lakes and West and Central Africa regions.

Preliminary year-end financial analysis

7. The impact area distribution of the final budget for 2024 of \$10,785.4 million is shown in table II.2 below.

financial closure of accounts, is described below and summarized in table II.3.

10. The provisional amount of funds available for the period ending 31 December 2024 stood at \$5,225.1 million. This amount reflected the following:

- \$549.4 million carried over from the budget year 2023;
- \$4,868.5 million in voluntary contributions recorded in 2024, plus \$258.3 million recorded in prior years for activities with implementation in 2024, minus \$398.2 million recorded in 2024 for activities with implementation in future years;
- \$47.2 million allotted to UNHCR from the United Nations regular budget; and
- an estimated \$100.0 million reduction in other funds available and adjustments, mainly due to exchange rate losses, prior-year cancellations and adjustments, and miscellaneous income.

11. When compared to the \$5,715.9 million in funds available in 2023, the provisional amount of funds available in 2024 decreased by \$490.8 million, or 8.6 per cent.

12. Comparing the total funds available of \$5,225.1 million for 2024 with the total final needs of \$10,785.4 million for the same year, the funding gap amounted to \$5,560.3 million, or 51.6 per cent of the total final needs.

13. Provisional expenditure amounted to \$4,988.5 million. This was \$178.1 million or 3.4 per cent less than the \$5,166.6 million in expenditures in 2023.

14. The carry-over into 2025 is projected to be \$236.7 million, consisting mainly of funds earmarked to specific operations.

18. The response of member States at the Ad Hoc Committee of the General Assembly for the Announcement of Voluntary Contributions to the High Commissioner's Programme (pledging conference) held in December 2024, confirmed a sustained commitment to supporting the vital programmes of UNHCR. Initial pledges for 2025 reached \$1,143.1 million. Although this amount does not cover the entirety of the assessed needs of persons of concern to UNHCR, it enables the Office to plan and continue operations that provide life-saving assistance, protection without interruption and progress on solutions. Donors are encouraged to continue to respond generously to the High Commissioner's appeal for resources to meet the requirements for 2025, including through unearmarked funds.
