USD 3.3 billion

EXPENDITURE IN 2015

■ Refugee programme (80%) ■ Stateless programme (1%)
 ■ Reintegration projects (3%) ■ IDP projects (17%)

127 countries where UNHCR is present

10,126 regular staff members in **471** locations

1:6,320

Ratio of staff members to people of concern

Global Strategic Priorities 2014-2015

Favorable protection environment

Legislative changes enhancing the protection of asylum-seekers and refugees were reported in 14 countries, while improvements in national laws and policies for IDPs were reported in 10 countries

Four accessions to the two Statelessness Conventions and six amendments to nationality laws to prevent statelessness were recorded in 2015

At least 49,100 stateless people or those with undetermined nationality acquired a nationality or had their nationality confirmed

Security from violence and exploitation

87% of 104 situations improved or maintained provision of support to known SGBV survivors

80% of 60 situations have increased community involvement in prevention and protection of SGBV survivors

86% of 57 situations reported increased or maintained proportion of unaccompanied or separated refugee children for whom a Best Interests process has been completed or initiated

73% of 33 situations reported increases in the non-discriminatory access to national child protection and social services

Fair protection and documentation

94% of the 32 situations reporting had increased levels of issuance of birth certificates

87% of 83 situations maintained or increased levels of individual registration

Basic needs and services

61% of 100 surveyed camps or settlements met UNHCR's standard of $\leq 10\%$ Global Acute Malnutrition

98% of 144 monitored sites met UNHCR's standard for mortality rates among children under five years old ($< 1.5/1000/\text{month}$)

86% of 73 situations maintained or increased the percentage of households living in adequate dwellings; however, a significant number of situations remain within the 'critical' threshold of UNHCR's standard

70% of 50 situations reported increased or maintained levels of water supply

Community empowerment and self reliance

71% of 56 situations increased or maintained participation of women in leadership structures

70% of the 40 situations reported improvement in relations between people of concern and local communities

45% of 33 operations reported an increase in the number of people of concern self-employed or with their own business (aged 18-59)

59% of 111 situations reported increased or maintained enrolment rates of primary school-aged children

Durable solutions

89% of refugees who expressed their intention to return voluntarily to their country of origin were supported by UNHCR to return

45% of 47 situations reported some improvement in relation to local integration of refugees

Some 81,800 refugees departed for resettlement
