348 PERSONAL for Sadruddin Aga Khan. You will already have received appeal from acting minister for foreign affairs of Cyprus concerning refugee problem in that island. It is clear that there will be a large demand for humanitarian relief of all kinds in Cyprus, including refugee problem. Before proceeding any further with this problem I would like to know whether you would be prepared to undertake for a limited time the task of coordinating all unations efforts in relation to these humanitarian problems. Naturally, such an appointment would depend upon attitudes of all the parties concerned, but I would anticipate that your appointment would be ~~and~~ welcome. With warm personal regards
